EVERCHANGE

Micro Donations

(If you can think of a cool slogan feel free to add it. It can be a placeholder for a later one if anything)

Make a Difference with Every Purchase

With micro donations you can help charities make a difference for the better.
(If you can word it better or think of something that sounds better feel free to change it)

1. Connect Your Cards

2. Go About Your Day As Usual

3. Make A Difference

Please add little descriptions of each step under each similar to the way that acorns does, but use different wording

Security Section

Create a section for security it can be left blank because that is still in the works

"You have two hands. One to help yourself, the second to help others."

–*Author Unknown*
(Try to find a place for this quote)

Other

- Create a nav bar that functions that same way as acorns

- Create a Log In/Sign Up (At least the buttons and the process don't worry about actually saving the info to a server)

- Footer at the bottom of the site that can later hold social media links/fine print/about etc.

- Feel free to add JS and pretty much anything you feel would be good to add this is just a rough draft and is open to additions/changes

- Stick to white/bright color scheme

- Also mention the ability to set a weekly cap on the amount they donate (Would probably fit best somewhere under the make a difference section)
